

Wyoming Seminary Wireless Guest Access

1. Obtain a guest username and password from the IT Department.
2. Connect to the network by choosing *Wyoming Seminary* or *Sem* from the list of wireless access points.
3. Launch any Internet browser (ie Firefox, Safari, IE).
4. The Wyoming Seminary welcome page should show up. If it does not, type in www.google.com and press enter. It should now be visible.
5. Click on the *Guest Access* icon/link found along the left-hand-side of the window.
6. Enter the guest username and password provided by Sem, as well as your full name in the fields provided.
7. Click Connect.
8. **IMPORTANT** – Restart your computer.
