

Configure Sem Email

Apple iOS

1. Choose **Settings** -> **Mail, Contacts, Calendars** -> **Add Account...**
 - a. Choose **Microsoft Exchange**

2. In the fields provided, enter the following information as illustrated below and then select **Save**.
- Note: The full email data field is username@wyomingseminary.org
 - Note: Passwords are case-sensitive
 - Note: The Description field can contain anything

The screenshot shows an iPhone interface with a status bar at the top displaying 'AT&T 3G' and '8:41 AM'. Below the status bar is a dark blue header with a white sunburst icon and the word 'Verifying'. The main content area has a light gray background with a vertical striped pattern. It contains five rounded rectangular input fields, each with a label on the left and a value on the right. A red arrow points to the right of each value. The fields are: 'Email' with 'nkuhl@wyomingseminary...', 'Domain' with 'wyomingseminary.org', 'Username' with 'nkuhl', 'Password' with ten blue dots, and 'Description' with 'Wyoming Seminary'.

Field Label	Value
Email	nkuhl@wyomingseminary...
Domain	wyomingseminary.org
Username	nkuhl
Password	●●●●●●●●●●
Description	Wyoming Seminary

3. After selecting **Save**, another field, **Server**, will appear with the data already included. Choose.

The screenshot shows an iPhone interface for setting up an Exchange account. At the top, the status bar displays 'AT&T 3G', '8:41 AM', and a battery icon. Below the status bar is a header with 'Cancel' on the left, 'Exchange' in the center, and 'Next' on the right. The main content area consists of several rounded rectangular fields:

- Email:** nkuhl@wyomingseminary...
- Server:** mail.wyomingseminary.org (highlighted with a red arrow)
- Domain:** wyomingseminary.org
- Username:** nkuhl
- Password:** represented by ten blue dots
- Description:** Wyoming Seminary
